Detailed Action

Drawing

1. The Examiner accepts the amended drawing filed on September 13, 2005.

Allowance

2. Claims 1-6, 8-13 and 15-20 are allowed. Claims 7 and 14 are cancelled. The following is an examiner's statement of reasons for allowance:

In reference to claims 1, 8 and 15: *Khvilivitzky* (U.S. Patent 5,581,250) teaches a method for the automatic collection of surveillance information by an unmanned air vehicle (see *Khvilivitzky*, column 1, lines 5-13). The method includes the steps of:

- Receiving an automatic collection requirement message (see *Khvilivitzky*, column 2, lines 32-35);
- Determining a route for gathering requested information about a target in accordance with a collection policy (see *Khvilivitzky*, column 4, lines 25-35); and
- Controlling operation of an air vehicle to follow the route and gather the requested information (see *Khvilivitzky*, column 4, lines 48-65).

However, *Khvilivitzky* does not teach that the system includes a means for dynamically inserting the new sensor collection requests into the plan. Whereas, the

Art Unit: 2857

claimed invention includes all the features noted above and further includes a new sensor collection request, which is dynamically inserted into an existing collection plan.

The remaining claims are dependent upon claims 1, 8 and 15 and contain further limitations.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
